Subject: Comment on Proposed Rule Changes

Dear Sirs,

In reviewing the rules for Education & Safety Program Projects, Paragraph 4 discussed the utilization of partners. Currently, we partner with several other OHV grant applicants (501c3's, BLM, Law Enforcement, etc) in order to better achieve our goals. With the new rule change, it appears (but is unclear) that we will no longer be able to list them as partners with our grant process.

I don't believe that was the intent of this change, so you may want to review in order to clarify the actual desired result.

Thanks,

Allen Wessel
